Shutter Speed, 1/25 . . . Diaphragm, f:4.5 . . . Two Photoflood No. 2 . . . Panatomic X Film

It's "Genre" . . .

in French

But it's a good old-fashioned character shot to the rest of us . . . the kind YOU can make with an Argus.

Take the A2, for example . . . it has an exposure meter to make each picture RIGHT . . . color-corrected f:4.5 anastigmat lens . . . simplified two-point focusing . . . speeds to 1/150. American-Made, too. Ask your dealer to show you this "value-full" model.

Argus A2, with Built-in Extinction Meter . . **$15.00**

Model A, without Meter, Price **$12.50**
